

## **RECOVERED FUNDS AND SECURITY POLICY**

All recovered funds are delivered to the client in either Bitcoin or USDT (Erc20). If a client has a specific request for their recovered funds to be delivered in a specific crypto currency token, we certainly try to accommodate based on market conditions.

We require, for the safety, security and protection of our clients recovered funds, that the clients' funds be delivered back to the client's cold storage wallet.

*Please Note:*

*We highly recommend that our clients purchase a Trezor or a Ledger cold storage wallet. Cold storage wallets are really the only safe and secure way to store crypto currency.*

## **DISCLAIMER**

Once a clients' funds have been successfully delivered back to them, our company has concluded its 'Recovery Service Offer' and we take no further responsibility for the clients' funds thereafter.
